MEMORANDUM TO ALL CARP MEMBERS

CARP cites a 5 point program in an attempt to solicit its members support during this Provincial Election.

We have a 3 point program in an attempt to enlist CARP's support to enable Canadian Seniors access to a fair market value held captive within their life insurance policies as opposed to surrendering for pennies.

We ask CARP the following questions:

- a) **Does CARP receive commissions from the insurance policies it sells to members?**
- b) **Does CARP sell advertising space to those same insurance companies?**
- c) **CARP preaches about "money you did not know you have". You mean like hidden in an insurance policy?**
- d) **Does CARP advocate for itself first and its members second?**

Of course we all know the answers to the above.

We urge all CARP members to contact both their own MPP's and CARP
