Toronto M6K 1Y4

Dear Sir.

As will be found on our Website, [www.lisac.ca](http://www.lisac.ca) Life Insurance Settlement Association of Canada, (LISAC) is a not for profit association advocating for millions of Ontario (and Canadian) seniors focussing on the right to monetize assets frozen within their life insurance policies.

LISAC was founded by, and is primarily funded by the writer.

We listen with much interest to CARP pronouncements on advocacy for seniors.

We read with similar interest to CARP publications on the same subject matter.

We certainly agree with your representations yet we are puzzled by your continued silence on our efforts to amend Ontario's Insurance Act. Specifically section 115, which expressly forbids seniors to access, oftentimes much needed capital for life sustaining purposes.

LISAC would welcome the opportunity to educate CARP on this most important "Seniors Issue".

May we hear from you?

**Leonard H Goodman**
