Dear Sir.

On March 15th/2022, and again on March 29th/2022, we delivered two letters for your attention.

We enclose copies of such letters for your reference.

Not having received the courtesy of either acknowledgement or response, we regretfully feel the need to pursue via a direct communication to all CARP members. Having obtained the necessary list of CARP members it will be our intention to deliver directly to those members the following messages:

- LISAC is a not-for-profit organization that advocates for Canadian seniors' rights as those rights pertain to life insurance owned by them. You are invited to visit www.lisac.ca for more information.
- We want to inform you that we have attached copies of two recent letters delivered to CARP Chief Policy Officer, Bill Van Gerder on your behalf and yet, these letters have been ignored.
- Respectfully, we suggest you may wish to question, through your local chapter, why CARP ignores this egregious lack of interest in an issue that may well deprive you of access to monetize an asset that is currently dormant.
- To quote CARP: *"Money you did not know you have."*

We encourage you to question your local chapter executive and to contact your local MPP to determine his/her position on this important issue. And if you require additional information, we invite you to communicate with us. You can contact me directly at: leonard@lisac.ca."

Together we can release, *"money you do not know you had."*

With best regards,

Life Insurance Settlement Association of Canada
