Attn. Ms. T. McAuliffe-President

Dear Ms. McAuliffe,

The Life Insurance Settlement Association of Canada (LISAC) is a not-for-profit association founded in 2015 by the writer.

LISAC's sole purpose is to advocate on behalf of Canadian Seniors in the matter of Life Settlements (LS).

Ontario, and most of Canada's Provinces, do not permit seniors to access much-needed cash that they may have tied up in now unwanted life insurance policies, despite it being a common practice and process in much of the free world.

This egregious act precludes seniors (and others) of utilizing a life insurance policy as an asset, a right confirmed many years ago by the courts. It also ensures that *billions* of dollars rightfully owned by those seniors fall to the bottom line of respective insurers.

We invite you to visit our websites, www.lisac.ca & www.hereliesyourmoney.com for more detailed information on our activity.

We reach out to you as a sister advocate for seniors in the hope that we may find a common ground to bring a greater degree of influence to bear during the forthcoming Ontario Provincial Election.

We look forward to receiving your response.

Kindest regards,

Leonard H. Goodman
